

PATTERSON COMES OUT IN PLEA FOR ROBERTS

Former Governor Also In-
dorses Cox Candidacy.

NASHVILLE, Tenn., Oct. 26.—Ex-Gov. Malcolm K. Patterson has entered the political campaign in support of the Democratic ticket, state and national. Writing a letter to J. N. Haver, chairman of the Democratic state executive committee, which was made public today, the former governor declared that Gov. Roberts should be returned for a second term. He defended the Roberts tax laws as wise and believes they will work out beneficially in time despite what defects may be apparent at first.

Gov. Patterson declared that it would be better for the state that a Democratic government be elected than a Republican one. He said that a Republican government with Republican advisers would not work in harmony with a Democratic legislature, and therefore there will be nothing but discord in Tennessee should a Republican government be elected.

In the matter of the national election he favored J. Cox, saying that the nation's future depends upon the success of the nation's future.

He said that regardless of the fact that Wilson had been elected, his league stand and that he might be justly criticized for his support of the senate and thereby alienating the support which the league might have given, President Wilson's defects will be lost in the perspective of history and the whole of his achievement will stand out in its mightiness.

ARTILLERYMAN MAY HELP OLD LEADER

Matters of importance are to be discussed at a meeting of the members of Battery A, 14th Field Artillery, to be held Wednesday night at 8 o'clock in the office of Abe D. Waldner, 225 Exchange building. Arrangements probably will be made to send delegates from the battery to Huntington, Tenn., on election day to be with Captain Gordon Browning, Democratic nominee for congress, and commander of the old overseas unit when the election returns are received on November 2nd.

It is predicted that Captain Browning's success is practically assured as the Eighth congressional district is safely Democratic.

GROWERS ARE PLEDGING TO REDUCE ACREAGE

DALLAS, Tex., Oct. 26.—Pledges from growers to reduce their cotton acreage next year are being solicited by those bankers of the state who participated in the conference here of cotton interests in Texas last week, according to E. P. Shoupshire, secretary of the Texas division of the American Cotton association.

Blank pledges are being distributed by the bankers among farmers in all districts of the state, he said.

Nathan Adams, Dallas banker, who is assisting in the organization of a cotton marketing corporation in Texas, said he had received telegrams from bankers in most of the cotton producing states offering support to the cotton acreage reduction movement inaugurated here.

BLAME MONKEY FOR THEFT OF DIAMOND

ST. LOUIS, Oct. 26.—(By International News Service.)—Bluffed by a wave of robberies and pocket pickings, the police have turned their attention to the Forest Park zoo in the hope of solving at least one light-fingered misappropriation.

STRUCK BY GLASS.

When an automobile truck, property of the W. C. Early Co., struck a street car at Lauderdale street and Polk avenue Monday, Mrs. A. B. Duncan, 1102 Jackson avenue, a passenger in the car, was struck by flying glass, although not injured. She is suffering from nervous shock.

Builds Bungalow On Wheels; Saves Rental And Fare

NEW YORK, Oct. 26.—A bungalow on wheels, under construction by a Staten Island resident and prospective inhabitant of Florida, is claimed to be the latest device for beating the high cost of building and railroad transportation.

William Ward, designer of the Rolling Home, consisting of living rooms, bath and kitchen, reckoned it would be cheaper to build, equip and tow his household, intact, by automobile than to ship his effects by train.

Democrats Riddle Alf Taylor's Criticism of Uniform Tax Law

To the Voters and Taxpayers of Tennessee:

There has been prepared by those in charge of Col. Taylor's candidacy a fabricated statement purporting to show in parallel columns the alleged aggregate of the assessment of the property in each county in the state of 1918, the alleged rate of taxation for that year, and the total taxes paid by each county for 1918, and the alleged aggregate of the assessment in each county for 1920 with the alleged rate and the alleged total taxes to be paid under the new assessment, and also showing the alleged percentage of increase of taxes in each county in the year 1920 over the year 1918.

Those in charge of Col. Taylor's campaign are undertaking to have this statement carried as a supplement by the newspapers of the state. The entire table is such a fabric of untruths and deceptions from one end to the other that I can not permit it to go unchallenged. This table is intentionally deceptive and misleading and deliberately misstates the facts with no intention whatever of disseminating the truth to the voters and taxpayers of Tennessee, but with wilful intent to deceive the voters and profit by such unscrupulous deception.

The column of figures showing the alleged assessment in each county for 1918 is false from one end to the other. It shows only the assessment of equity and personally, excluding entirely the railroad and utility assessment in each county. It is certainly fair to assume and to state that the railroad and utility assessment for 1918 aggregating over \$120,000,000 was deliberately and intentionally omitted from these figures with a dishonest and deceptive purpose, intending to make the percentage of increase in the assessment of 1920 in each county over 1918 a great deal larger than the actual increase is.

The result is that this column of figures shows the total assessment in the state in 1918 to have been \$599,000,000 when as a matter of fact from records made up before Gov. Roberts became governor of Tennessee, the assessment of the whole property in the state that year was in round numbers \$726,000,000. Thus, it will be seen that Col. Taylor's candidate seeks to deliberately mislead the voters of Tennessee by omitting about \$127,000,000 from the assessment in 1918.

The table published then compares the total tax paid by each county in 1918 with the alleged total tax to be paid in 1920. This table shows the total of all taxes, both state and county, paid in 1918 to have been a little over \$1,000,000, and the alleged total of taxes to be paid in 1920 to be a little over \$1,000,000, or an increase of about \$3,000,000.

This comparison even if the honest figures had been published would be unfair, deceptive, and misleading for two distinct reasons:

1. This table is intended to charge

A TRIBUTE
In 1754 a solitary monk planted two coffee seeds in a monastery garden at Rio de Janeiro.

From those two seeds the plants grew and spread until Brazil became the greatest coffee growing country in the world.

Today millions pay tribute to the wisdom and foresight of that solitary monk as they imbibe the delicious coffee served at CHILDS.

Nourishing, stimulating and pleasing to the palate, CHILDS coffee leaves nothing to be desired—save another cup.

Gov. Roberts' administration with all increases of taxes in the state from 1918 to 1920.

2. It is intended to create the impression in the minds of the voters that all increases of county taxes levied by the county courts for various local purposes is to be charged to Gov. Roberts' administration.

There was an increase in county taxes alone in the various counties in the state of Tennessee in 1920 over 1918 of \$1,945,000. The levies providing for this increase were fixed by the various county courts in Tennessee on the first Monday in January, 1919, not only absolutely independent of the state government but before Gov. Roberts was ever inaugurated governor of Tennessee. It would have been just as fair to have compared the total taxes paid in 1918 with 1920, and it would have been just as fair to have charged the present administration with increases in federal taxes, with increases in municipal taxes, or with increases in the taxes of other states of the union as to have charged his administration with one cent of increase of county taxes either in 1918 or 1919.

According to this table there is a \$1,700,000 increase in county taxes of 1920 over 1918. This added to the increase in county taxes of 1919 over 1918 of \$1,845,000, makes a total increase of county taxes from 1918 to 1920 of about \$3,545,000. Deducting this from the \$5,000,000 alleged increase from 1918 to 1920 would leave \$1,455,000, of which \$986,723 represents the elementary school fund. This amount deducted from the \$1,455,000 leaves \$468,277 increase in state revenue proper.

It should be distinctly borne in mind that the elementary school levy which produces this \$986,723 was provided for in an educational bill passed by the regular session in 1919 more than two months after the act creating the state board of equalization had been passed and the act providing a sliding scale of rates, so that this is a distinct levy separate and apart from the so-called Roberts tax laws, passed for the distinct purpose of bettering the elementary schools of the state and guaranteeing to every county a minimum school term of seven months.

To illustrate the result of this levy, Col. Taylor, the home county of Col. Taylor, will receive sufficient revenue under this levy to increase the length of the school term in his county 50 days. Col. Taylor should tell the people of his county and of Tennessee whether he is opposed to this levy which gives to his county 50 days increase in the school term.

The issue is pointed and clear and can not be befuddled by distortion of facts. Under Gov. Roberts' administration there is an increase in taxes of \$1,455,000 for which his administration assumes full responsibility. The responsibility for all other increases rests solely on the legislatures of the various counties making such increases. Of this increase of \$1,455,000, \$986,723 goes into the elementary school fund to guarantee a minimum school term of seven months to the boys and girls of the poorer sections of the state of Tennessee. If Col. Taylor is opposed to

this levy for the rural school fund, let him boldly and honestly say so to the people of Tennessee and let the school children of Tennessee know who their friend is.

The remaining increase of taxes of \$468,277, for which the present administration assumes full responsibility, goes into the general treasury of the state to help the state of Tennessee meet the annual payments on the old state debt, which was corruptly, dishonestly and wrongfully placed on the shoulders of the taxpayers of Tennessee by the party of William G. Browning and Alfred A. Taylor. If Col. Taylor now insists that this old Brownlow debt ought not to be paid, let him boldly say so to the people of Tennessee.

But for making this statement too long, I would point out other respects in which the table published by Col. Taylor's sponsors is false and misleading. I would like to cite one or two cases however.

Col. Taylor's table shows the assessment in Carroll county in 1918 to have been \$1,072,000. He then compares that with an assessment of \$1,577,631 in 1920, when the honest truth is that the assessment in Carroll county in 1918 was in round numbers \$5,500,000 as compared with \$15,577,631 in 1920.

Another instance—Col. Taylor's assessment in Davidson county in 1918 was \$68,972,240 while the assessment made by the officials charged with assessing the property in 1918 was in round numbers \$105,000,000.

Again, Col. Taylor's assessment in his home county of Carter in 1918 was \$1,861,310 while the assessment actually made by those responsible shows the assessment to have been

for that year a little over \$3,000,000. I submit in all candor to the voters and taxpayers of Tennessee with no intention of being offensive, but with a clear intention of being direct and positive, that no candidate who will circulate or permit to be circulated for his benefit a statement deliberately framed with the intent to deceive and mislead the voters of the state can be trusted in the high office of governor.

J. N. FISHER,
Chairman State Democratic Executive committee.

MARRIAGES
BALDWIN, Miss—Howard Walker and Miss Frances McElroy were married at the home of the bride's parents, the ceremony being said by Rev. J.

S. Berry, of Tupelo. They left at once for Jonesboro, Ark., where they will make their home.

MARRIAGES
PADUCAH, Ky.—Mr. and Mrs. Peter Wildt, of this city, announce the marriage of their daughter, Esther Mary, to John Schneidman, of this county, which was solemnized in the St. Francis de Sales Catholic church. After an Eastern bridal trip, they will return to Paducah to make their home.

MARRIAGES
WICHITA FALLS, Tex., Oct. 24.—A mob of 100 men, which formed here last night for the avowed purpose of lynching Floyd Ray and Thomas Stone, negroes, who were arrested Saturday in a criminal case, dispersed quietly after a committee had been shown through the jail by officials and assured them that the negroes had been spirited out of the county Sunday. The negroes are believed to be in jail at Fort Worth.
